HOLDERNESS SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Holderness, N. H., qualified to vote in District Affairs:

You are hereby notified to meet at the Town House in said district on the tenth day of March 1936, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will vote to authorize the School Board to pay, if necessary, high school tuition in excess of the amount required by law.

10. To transact any other business that may legally come before the meeting.

Given under our hands at said Holderness this tenth day of February, 1936.

MARY F. PEASE,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Holderness:

This, my second report as your superintendent, will deal with the following topics:

(a) Statistics of our schools.
(b) Our school buildings.
(c) Current problems and education.
(d) Music education.
(e) Alcohol and safety education.
(f) Health and physical welfare.

STATISTICAL TABLE

For the Year Ending June 30, 1935

School and Teacher	No. half days school in session	Total enrollment	No. pupils (average membership)	Percent of attendance	No. tardinesses per pupil	No. pupils not absent or tardy
East Holderness School (Nina A. Taylor)	358	19	18.6	96.6	1.88	5
Bridge School (Dorothy Morton)	352	26	20.2	93.1	0.78	1
Carr School (Doris I. Howe)	353	18	16.0	94.3	12.55	0
Elm School (Louise Lawrence)	350	27	20.3	93.6	3.00	0
All Holderness (Average or total)	354	90	75.1	94.4	4.17	6
State of N. H. (Average)	353.4			95.1	0.9	

With reference to the foregoing able, attention is especially called to the matter of tardiness. Our record of tardiness per pupil is still more than four times as great as that of the State as a whole. Examination of the records shows that this is due largely to the carelessness of a few families. Seven families in Holderness—five of these in the Carr district—were responsible for 227 out of the 313 cases of tardiness.

The table shows that the Elm school was the largest school in town last year. This year it is the smallest, with an enrollment of less than half as many as last year.

Our School Buildings

During the past summer, a very satisfactory job of remodeling was done at the Carr school. Most of the windows on the right of the pupils were taken out and replaced by blackboard space. Additional windows, placed as near the ceiling as possible, were installed on the left. A new woodshed was also built.

All four of our school buildings now have satisfactory window arrangements, and are equipped with modern ventilating heaters, chemical toilets, and electric lights.

Current Problems and Education

In these days history is being made rapidly, and our leaders are attempting to solve great problems such as are caused by poverty, unemployment, taxation, war threats, and many other factors. It is necessary that our boys and girls understand something of what is going on today, as well as the history of years gone by. Each school is provided with inexpensive weekly newspapers, printed in language the children can read, as one important step toward greater understanding of today's important developments. Our course in social science, combining the work of geography, history, and civics for grades seven and eight, also is planned and taught with the fundamental purpose of getting a better understanding of the various factors that have contributed to our complex civilization.

Music Education

Mr. Musgrove is continuing his work as supervisor of music in Holderness. In addition to regular weekly lessons in singing and reading music, he is coaching a group of instrumental players at the Carr school, and has organized a four piece orchestra at the Bridge school. His leadership is making it possible for Holderness children to have opportunities for music education equivalent to those offered in many city schools.

Alcohol and Safety Education

Instruction concerning the effects of alcohol and other narcotics upon the human system is required by law. Recently a new bulletin for teachers, with suggestions for appropriate methods of instruction, has been issued by the State Board of Education. The need for thorough and effective instruction on this topic has become more evident during the past few years.

Frequent accidents to children on the highways everywhere make necessary special attention to safety instruction, emphasizing ways of avoiding danger from automobile traffic.

Health and Physical Welfare

Miss Nichols, our school nurse, with the help of Federal Relief funds and local cooperation, held dental and tonsil clinics last year. Since then she has been able to have two children examined for eye defects and glasses furnished. Further corrective work has not been possible for lack of funds.

Those children who have had physical corrections show a definite improvement in health this year, and their attendance record has improved.

Through the aid of the Red Cross and the Woman's Club this year we hope to have more corrective work done, especially through a dental clinic, as that is so essential each year.

Conclusion

This is one opportunity to express our thanks

to various people and organizations for generous co-operation with the schools. The Grange has offered again to sponsor a public speaking contest for pupils in Grades 7 and 8. The Woman's Club and Red Cross have been very willing to assist the school nurse in her work.

It is not possible to mention by name all who have assisted us in our efforts to make the past year of the most value to the children. Teachers, school board, parents and many others deserve our gratitude for their ready cooperation.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent.
